

## Cricut Explore 3™ TWO (2) YEAR LIMITED WARRANTY

This LIMITED WARRANTY is between you and Cricut, Inc., dba CRICUT®.

Your Cricut Explore 3™ machine (the Product) is guaranteed against defects in materials and workmanship for a period of two (2) years from the date of its original retail purchase ('Warranty Period'). If a defect arises during the Warranty Period, Cricut has the option to: (1) repair the Product at no charge using new parts or parts that are functionally equivalent to new in terms of performance; (2) exchange the Product with a functionally equivalent product that is new or equivalent to new in terms of performance; or (3) refund the original purchase price. This Warranty excludes damage from abuse, accident, misuse, physical and/or software modifications or other causes that are not defects in materials and workmanship. Do not operate the product in temperatures above 104°F (40°C) or store the product in temperatures above 122°F (50°C). Operation or storage in temperatures in excess of the stated temperatures voids this warranty. Any recovery is limited to the original purchase price. No other person/entity may modify this Warranty and your retail seller is solely responsible for any other warranties.

This Warranty applies to the Cricut Explore 3™ machine. It does not apply to blades and blade housings, accessories, packaging, software, tools, materials or other non-machine items. Cricut does not guarantee or warrant uninterrupted use of the Product or its supporting software.

TO THE EXTENT PERMITTED BY APPLICABLE LAW, CRICUT IS NOT LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR SERVICE OF THE PRODUCT. THE WARRANTY AND REMEDIES DESCRIBED ABOVE ARE EXCLUSIVE OF ANY OTHER WARRANTIES AND REMEDIES, WHETHER ORAL, WRITTEN, EXPRESS, STATUTORY OR IMPLIED. TO THE EXTENT PERMITTED BY APPLICABLE LAW, CRICUT DISCLAIMS ALL IMPLIED AND STATUTORY WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. ALLOWED AND DISCLAIMED WARRANTIES ARE LIMITED IN DURATION TO THE DURATION OF THIS WARRANTY.

This Warranty gives you specific legal rights, and you may also have other rights which vary from state to state and country to country, where some limitations or exclusions are not allowed under local laws. This may include the length of the warranty. This Warranty only applies to the country of the Product's intended sale.

THIS WARRANTY DOES NOT MODIFY OR AMEND YOUR STATUTORY RIGHTS.

In order to obtain the warranty service, please contact Cricut on +1-877-727-4288. Proof of purchase may be required to verify warranty eligibility. You can learn more about how your Warranty will be serviced by visiting [cricut.com/warranty](http://cricut.com/warranty).

This Warranty is issued by:

FCC STATEMENT

The US Federal Communications Commission (in 47 CFR 15.105) has specified that the following notices be brought to the attention of users of this product.

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference; and (2) this device must accept any interference received, including interference that may cause undesired operation.

Pursuant to Part 15.21 of the FCC Rules, any changes or modifications to this equipment not expressly approved by Cricut may cause harmful interference and void the FCC authorisation to operate this equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving aerial
- Increase the separation between the equipment and receiver
- Connect the equipment to a plug socket on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help
